NAME OF OFFEROR OR CONTRACTOR

A2: Pay Items under Activity Code 313 do not require a motor grader. Tailgate spreading aggregate is acceptable (and typically is how this pay item is performed) as long as work meets the performance requirements of Activity Code 313 as described on page 15 of 15, in the specifications. Simply stated, If aggregate is agread even, smooth and to the depths and dimension specified, and the transitions are without abrupt changes then work will be acceptable; If not, an additional piece of equipment may be needed to bring work back to within requirements. Questions & Answers from the 14 Apr 17 Pre-Bid meeting: 1. Is grading required on these contracts? No, the requirement is for tailgate spreading to a certain thickness, if you are able to meet that requirement you will not need to do any grading. The only time you would need to do grading would be if you were unable to tailgate spreading? Yes, but you must meet the thickness requirements and get it smooth without leaving humps in the road. 3. What if we have stone clumping up? You will need to address that to ensure the specifications are met. 4. Is there a requirement for certain size trucks? No, we are not requiring a specific size truck, but the contractor needs to be familiar with the roads they will be working on and use appropriate sized trucks to get the job done. 5. Do weight tickets need to be stamped? Yes, and before the contractor begins work on the contract, they need to let the COR (Contracting Officer Representative) Bryan Beil know which quarry they will be hauling from. 6. Are all roads open now? Yes they are all open now and they will continue to be open to the public which this work is being done. 7. Have the roads been mowed recently? Most of these roads are on a 2 2 3 year now cycle, most have been nowed within the last 2 years. 8. Are mileages included on the maps? No, but Bryan Beil can supply contractors with the	M NO. Are all roads open now? Yes they are all open now and they will continue to be open to the public which this work is being done. 7. Have the roads been mowed recently? Most of these roads are on a 2 ¿ 3 year mow cycle, most have been mowed within the last 2 years. 8. Are mileages included on the maps? No, but Bryan Bell can supply contractors with the		meeting:				
the requirement is for tailgate spreading to a certain thickness, if you are able to meet that requirement you will not need to do any grading. The only time you would need to do grading would be if you were unable to tailgate spread to meet the requirements. 2. Is the requirement only for tailgate spreading? Yes, but you must meet the thickness requirements and get it smooth without leaving humps in the road. 3. What if we have stone clumping up? You will need to address that to ensure the specifications are met. 4. Is there a requirement for certain size trucks? No, we are not requiring a specific size truck, but the contractor needs to be familiar with the roads they will be working on and use appropriate sized trucks to get the job done. 5. Do weight tickets need to be stamped? Yes, and before the contractor begins work on the contract, they need to let the COR (Contracting Officer Representative) Bryan Bell know which quarry they will be hauling from. 6. Are all roads open now? Yes they are all open now and they will continue to be open to the public which this work is being done. 7. Have the roads been mowed recently? 	9. Do we have to get a go ahead each day after				
	the contract starts? No, once the Notice to				
	Proceed is issued you can continue working unless you are told to stop.				
	10. What is the estimated start date? We expect				
	to make an award 2 weeks after the close date of				
	each contract. The Notice to Proceed will be				
	issued in about 7 days after award and then the				
	work can begin. The work should be completed in				
	100 days after Notice to Proceed is issued.				
	The following changes have been made to the RFQ				
	Body document and changes have been bolded and				
	underlined within the document.				
	- The following language has been added to the				
	RFQ Body Invoicing paragraph,				
	¿Invoices may be submitted every 2 weeks. All				
	invoices must include stamped gravel weight				
	tickets, and a completed Daily Accomplishment				
	Report (included within Attachment 02 to the				
	Solicitation), for the period of time being				
	invoiced.;				
	- A map of the area roads to be serviced under				
	this contract has been included as Attachment 5				
	to the solicitation.				
	-;Page 4; wording has been deleted from the 3rd				
	sentence under the Instruction to Offerors				
	section.				
	The SOW Quality Control Plan paragraph has been				
	revised to the following:				
	. The Control of the Control				
	¿The Contractor shall execute a Quality Control Plan (QCP) that details the methods the				
	Contractor will use to perform self-inspection to				
	ensure the requirements of this contract are				
	performed in accordance with the contract				
	documents. The QCP shall at a minimum record the				
	reference pay item, location, frequency, type of				
	test and resulting outcome. QCPs shall be				
	provided to the COR and CO upon request to ensure				
	acceptable processes and procedures have been developed and are being executed.;				
	A copy of the sign-in sheet from the 24 Apr 17				
	Pre-Bid meeting is being provided as part of this
